

# YOUNG FELLOWS BENEFITS

Founded in 1990 by a group of young leaders who wished to advance the goals of The Frick Collection, The Young Fellows are comprised of individuals or couples who want to engage in all aspects of the art, culture and beauty of The Frick Collection.

From exclusive tours with curators to the Spring Party, special workshops to dynamic programming, we are always planning something new—and often unexpected—for the Young Fellows. Each season Young Fellows are provided with substantive insight into the Frick's extraordinary holdings, as well as its scholarly work. Plus, each major exhibition begins with a series of viewings and lectures just for members.

The Young Fellows also host the annual **Young Fellows Ball**, an event that benefits the Education Department of The Frick Collection. Since its inception in 2000, the Ball has become one of the premier events of the New York social calendar.

Annual Dues for Young Fellow membership is \$500 (all but \$335 tax deductible) and \$1,500 for Contributing Young Fellow (all but \$535 tax deductible). The Contributing Young Fellow level was recently added for those ages 21-45 who wish to experience more behind-the-scenes events and the opportunity to take on a leadership role. Members may bring one guest to any event; we encourage you to **join with a friend!**

## YOUNG FELLOW
