The Frick Collection is pleased to announce that it has been named a national TripAdvisor Travelers’ Choice™ award recipient for 2015. Reviewers in the TripAdvisor community have ranked the NYC institution in the top ten of all museums across the United States. Comments Director Ian Wardropper, “We’re thrilled that our reviews show the visiting public has had such consistently positive and enriching experiences at the Frick. We have long been ranked a top ten attraction in New York City, and to join those designated as top ten museums nationwide is an honor that we will strive to maintain. We find ourselves in distinguished cultural company and happily extend our congratulations to colleagues at The Metropolitan Museum of Art, the American Museum of National History, the Art Institute of Chicago, and the others receiving this distinction.”

“Honoring nearly 600 institutions worldwide, the Travelers’ Choice awards have recognized the favorite museums that serve as cultural treasure troves for our community of millions,” said Barbara Messing, chief marketing officer for TripAdvisor. “These world-class museums provide an enriching experience that can be both inspiring and educational for travelers around the globe.” For all of

**ABOUT THE FRICK COLLECTION**

Henry Clay Frick (1849–1919), the coke and steel industrialist, philanthropist, and art collector, left his New York residence and his remarkable collection of Western paintings, sculpture, and decorative arts to the public “for the purpose of establishing and maintaining a gallery of art, [and] of encouraging and developing the study of fine arts and of advancing the general knowledge of kindred subjects.” Designed and built for Mr. Frick in 1913 and 1914 by Thomas Hastings of Carrère and Hastings, the mansion provides a grand domestic setting reminiscent of the noble houses of Europe for the masterworks from the Renaissance through the nineteenth century that it contains. Of special note are paintings by Bellini, Constable, Corot, Fragonard, Gainsborough, Goya, El Greco, Holbein, Ingres, Manet, Monet, Rembrandt, Renoir, Titian, Turner, Velázquez, Vermeer, Whistler, and other masters. Mr. Frick’s superb examples of French eighteenth-century furniture, Italian Renaissance bronzes, and Limoges enamels bring a special ambiance to the galleries, while the interior garden and the amenities created since the founder’s time in the 1930s contribute to the serenity of the visitor’s experience. The Frick Collection also is renowned for its small, focused exhibitions and for its highly regarded concert series and dynamic education program.
