Private and Corporate Events
Frick Madison is the temporary home of The Frick Collection, presenting a substantial gathering of highlights from the permanent collection organized chronologically and by region. Frick Madison opened to critical acclaim in March 2021 and houses the Frick’s collections and staff during the renovation of its historic buildings on East 70th Street.

Marcel Breuer designed the modernist building in 1966, originally to house the Whitney Museum of American Art. Transporting visitors from the hustle and bustle of the street into a magnificent sanctuary for art, the stark masterpiece remains the famed architect’s only commission in Manhattan.
